

Membership Form Yarnell Community Garden Project

The Yarnell Community Garden Project was launched in 2008 which is now known informally as the Garden Gang. We are a friendly group of people from Yarnell, Peoples Valley and Congress who want to garden and have fun doing it. Join us!

Our Mission: To create a self-sustaining, welcoming garden which nourishes members of the community, re-connects us with nature, and provides opportunities to share food, information, technology, skills and resources.

Our Vision: A garden that is both beautiful and bountiful. One which provides sustenance, inspires opportunities for offshoots, and creates a feeling of belonging. Our gardening activities will grow an atmosphere that is welcoming, purposeful and fun.

Name: _____
Phone(s): _____
Email address: _____
Mail address: _____
Physical address: _____

OK to share my contact information with the Gardening Group Yes No
Yes, except for: _____
